30, Alkanager CHS, Near PM Banquet Hall,  
FCI Godown Road, Vadodara - 390003

ASM NDT is a Nondestructive testing training institution, specializes in NDT training and inspections.

We certify students, employees and professionals in NDT as per American Society for Nondestructive Testing (ASNT) standard (SNT-TC-1A). We focus on conceptual understanding of various aspects of the basics and hands-on experience on advanced machines.

We provide special packages for Educational Institutions to promote NDT as a career option and skill essential by all engineering graduates.

NDE certifications as per

Sr. No.	NDT inspection services
1	Ultrasonic inspection / testing using ultrasonic flaw detector with normal and shear probes.
2	Thickness measurement and corrosion detection.
3	Crack detection & weld inspection using UFD.
4	Forging & rolling defect detection using UFD.
5	Magnetic particle inspection on ferromagnetic materials with electromagnetic yoke by AC/DC/HWDC.
6	Magnetic particle inspection on ferromagnetic materials with electromagnetic yoke using dry and wet methods.
7	Surface defect detection using visible dye penetrant inspection.
8	Surface defect detection using fluorescent dye penetrant inspection black lamp.

Service charges depends on the NDT methods and technique used.
